

Smart Scheduler

# CoRe Scheduler

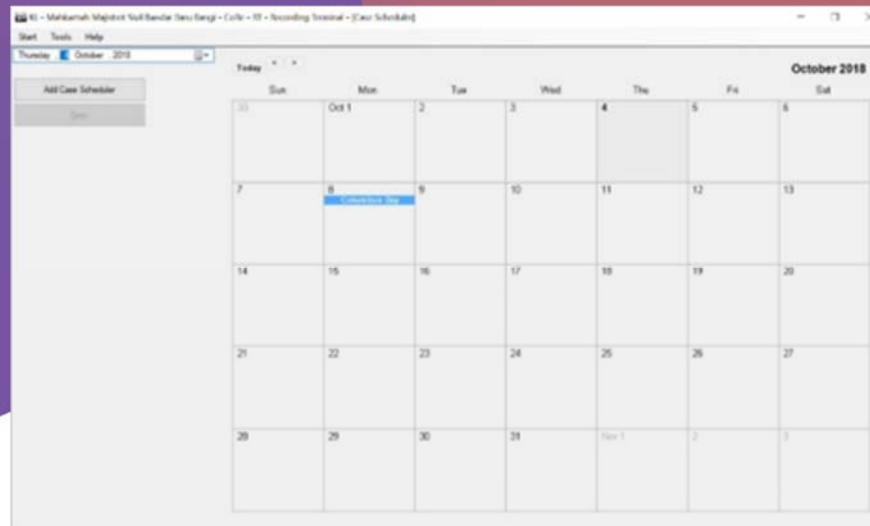

Scheduler your recording

## ● Integration API

The Simple API allows developers to integrate our CoRe Portal or automatically sync data with other systems, our API makes this easy to do

## ● AUTOMATIC START/STOP

You can set option automatically start and/or stop a recording at a specific time.

## ● SEARCH AND VIEW SCHEDULES

You can search and view schedules  
You can also reschedule or copy schedules to another date.

## ● USER MANAGER ACCESS

You want a User to have manager editing access, but not have all the Permissions of an Administrator use.

### The 2019 Generation.

The latest trend and technology for smart and automatic recording experience as future proof technology for the next generation.
